

Rachel Sanders
Running A-Frame Seminar
Workin' Paws, 690 Tevis Trail, Hollister

Saturday, January 5, 2008

Morning session: 9:00am to 12:30pm

Afternoon session: 1:00pm to 4:30 pm

Have you ever dreamed of having a consistent running contact on the A-Frame that your friends will covet? Are you worried about possible injuries to your dog's shoulders, elbows and neck caused by abruptly stopping at the bottom of the A-Frame? Or maybe you are just sick and tired of your teammate performing incredible feats of acrobatics to avoid the yellow contact zone. If so, perhaps it's time for a change!!!!

Rachel Sanders will be sharing her fabulous technique of training ANY dog to perform a consistent, safe and fast running A-Frame contact in two separate foundation sessions held on the same day. There will be 8 working slots in the morning session and 8 working slots in the afternoon for a total of 16 working slots. There will be unlimited auditing. Torrential rain will cancel the event. It will be re-scheduled for Saturday, January 19, 2008, same times.

The seminar fee for each session is \$60 for a working spot and \$30 to audit. (For SMART members only, fees are \$50/\$25). Fee includes morning and afternoon munchies. Bring your own lunch, shade and chair. For more info, contact Sue Rush 831-333-1493 or headrushes@sbcglobal.net

REGISTRATION FORM: Fill in the form below, with checks made out to SMART. Send **BY DECEMBER 22, 2007** to Sue Rush, 412 Park St., Pacific Grove, CA 93950. (Confirmations will be sent by email only).
