Thursday set-up

We could use your help with set-up on Thursday afternoon. Come at 2pm and mark off your crating area and then help us set up the rings for the weekend. If you are not helping to set up, you cannot arrive to mark off your crating area until 4pm.

Run Groups

To help avoid conflicts, we will be running some Masters and Tournament classes in Run Groups. Please make note of your Run Group when doing your walk throughs and runs.

Conflicts

We know that there may be times when you do have a conflict with your run. If that happens, don't worry, you WILL get your run. Just mark your dog as a conflict in the Agility Gate app and we will make sure it gets sorted. The only exception for conflicts is in Masters Snooker where you will need to run as assigned. (Masters Snooker has priority over other classes)

RUNNING IN ROTATION GROUPS

*** HAS PRIORITY FOR CONFLICTS (MUST RUN IN ORDER)**

WORKERS/VOLUNTEERS/TIMELINESS

The trial can only move quickly with your help. And you can help by:

1. Volunteer to set poles, leash run, etc. It can't be overstated how much faster a class goes if more people jump up **EVEN IF ONLY FOR TEN MINUTES**. Seriously. Every little bit counts.
2. **LISTEN** to announcements about where your group should be when!
3. Check in early and often at the rings you're running in and mark in the Agility Gate app as soon as you can about possible conflicts.
4. Stay within shouting distance of your gate steward when you are within 5 dogs of running.

COURSE MAPS AND RUN ORDERS

We will be using Agility Gate at this show for posting run orders and checking in dogs. In order to help minimize the amount of people crowding around the gate, we will be using the Agility Gate app to allow competitors to check in their dogs, mark conflicts and monitor the run order as it is updated. If you have not yet installed the Agility Gate app on your phone, you can do so by visiting http://dogagility.info/agility_gate. Instructions for using the app are on the website as well. Maps for each day will be posted **AT SOME POINT AFTER 6pm** the evening prior. **Please do not email/text/message the trial secretaries asking about course maps**. They will be posted as soon as reasonably possible each evening.

The code to access run orders and maps for the show will be **4242**

LUNCHES

Kat and Mary from On the Scene Cuisine will be on site selling food for everyone on Saturday and Sunday **ONLY**. If you work a class, you will receive a voucher that will help offset the cost of food from them. There will be no other food available on site. Friday there will **NOT** be any food available on site, so please make arrangements prior to arriving on Friday for lunch.

BITCHES IN SEASON

In accordance with SMART's BIS policy, BIS must wear panties at all times (including while running) when inside the arenas. Please potty them well away from the ring areas. Please let the secretary know. BIS will run in order. As of now (7/12), one BIS has been declared.

SCORING, QUESTION, PROBLEMS

We will post the results of your runs near the score tables, usually within minutes of your run. Please **DO** check them right away if you have any questions about your run, or if it's a leg of particular importance to you. It's true the score table is a busy place that needs to do its job without unnecessary interruptions; however it is also true that you are our only reason for doing this.

If you have any questions or problems or feedback, feel free to seek out trial chairs Roger Ly or Vici Whisner or trial secretaries Katrina Parkinson and Tracy Duncan. Our job is to keep you happy!

For entry questions/corrections close to or during the weekend when you aren't certain emails will be read in a timely fashion, feel free to text/use Roger's cell phone 408.489.4242

MEASURING YOUR DOG

If your dog is young or relatively new to USDAA and you haven't already done so, you will need to get them measured prior to running them at the show. Your confirmation email will also indicate if you need a measurement. Please make sure you PRINT YOUR MEASUREMENT SHEET prior to arriving at the show.

To print your measurement sheet:

1. Go to usdaa.com and log in with your account info (you do NOT need to subscribe to USDAA Data Services to do this)
2. Click on the link for your dog:

The screenshot shows a user dashboard with a navigation bar at the top containing 'Dashboard', 'Results & Awards', 'Judge Profile', and 'Judge News'. Below the navigation bar, the 'Your Dogs' section is active, displaying three dog profiles: Firefly (Reg #: U157759), Rocky (Reg #: U151755), and Buster (Reg #: U147127). Each profile includes a silhouette image and a 'Results & Awards' link. A '+ Add a Dog' button is visible in the top right of the 'Your Dogs' section. On the far right, a sidebar contains 'COM INFO' with details like 'Group: None', 'Experience: 6 years', and 'Current Courses: Agility, Coursing', along with an 'Edit' button.

3. Click on the link for "View Temp Height Card":
