Notice to Competitors:

USDAA Rules: USDAA's official rules & regulations, as amended January 1, 2004, are hereby incorporated by reference, a copy of which may be obtained for $7.00 (includes shipping & handling) online at www.usdaa.com,USDAA Store, or send a check to: USDAA, P.O. Box 850955, Richardson, TX 75085-0955. Competitors, through submission of entry, acknowledge that they are knowledgeable of USDAA rules and regulations including but not limited to the following rules regarding entry:

All dogs must be registered with USDAA. To obtain a registration number immediately and a height card prior to the show, go online to www.usdaa.com, General Information, Dog Registration. Registration may be made concurrently with your entry using the form provided in this test schedule. This test is open to all dogs at least 18 months of age, including purebred and non-purebred, except bitches in season, dogs suffering form any deformity, injury or illness that may affect the dog's ability to perform safely, or dogs exhibiting signs of aggression.

No entries shall be accepted, changed, altered or withdrawn after closing, except that an entrant may move up in class level as provided under "Advancement in Level." The Organizing Committee of an event may refuse the entry of any competitor or dog for just cause should the committee view that participation by competitor or dog would be prejudicial to the sport. However, any committee so doing must notify the competitor in writing (with a copy to the USDAA office) in anticipation of or upon receipt of entry. The notice must include the reason for refusing the entry and a brief explanation of the basis for their decision. The burden of responsibility for appropriateness of such action rests solely with the host group and it's Organizing Committee.

All obstacles used at this test meet USDAA specifications as outlined in the USDAA Rules & Regulations.

No collars, leads, food, toys, or other aids or devices are allowed on a course at any time. USDAA regulations forbid any and all training, choke, pinch, or shock collars on or around the course at any time. Safety must always be of primary consideration in your actions and conduct.

You alone are responsible for the behavior of your dogs and children. If your dogs or children create unnecessary disturbances or repeatedly engage in unsafe or disruptive behavior, the Show Committee can ask you to leave the show site. In such case, we will not refund any fees.

Returned checks do not constitute a valid entry. There will be a $20.00 service charge for returned checks. Payment of entry fees and service charges shall be made in cash or money order within 30 days of postmark of notice of returned check. Any fees not received within 30 days of notice result in cancellation of event results for all classes for the registration number(s) of delinquent entry/entries. No reinstatement of results is possible, and all awards must be returned within 10 days of notification, or the dog's registration may be suspended pending restitution. Any unpaid fees or shortfalls must be paid prior to the start of the event or entry is canceled without recourse by owner/handler.

Running Order/Limits: Determined by random draw. Handlers with more than one dog will have time to switch dogs. In the event of a large entry, the organizing committee and/or judge may establish time/fault limits. *This means that after receiving a certain number of faults, you may be asked to leave the ring without completing the course.*

Refunds: No refunds are given for entries withdrawn after the closing date except that refunds (less USDAA recording fees) will be given for bitches that come into season after the closing date. No refund is given if a dog or handler is dismissed from competition, regardless of the reason. No refund is given if the test cannot open or be completed due to riots, civil disturbances, fire, acts of god, public emergency, acts of a public enemy, or any other cause beyond the Show Committee's control.

Advancement in Level: Please contact Sue Rush, Trial Secretary, for advancement in level after closing date. Advancement in level will be permitted until August 22, 2005 at 8:00 p.m. There are no same day advancements in level at this trial.

USDAA Dog Registration Requirement: If you already sent your registration to USDAA but have not received a registration number, call USDAA at 972-487-2200. In this case it is your responsibility to provide a USDAA registration number; USDAA and SMART cannot accept pending registrations.
If you haven't already sent in your registration, we suggest that you send your USDAA registration form (include the registration fees in your entry fee check) to SMART with your Entry Form and we'll take care of it.

Class Descriptions

***Standard Agility Class*:** This class demonstrates handler and dog's ability to perform all agility obstacles.

***Non-standard (Games) Agility Classes*:**

Gamblers Class: This class consists of a course with no pre-determined route and each obstacle is assigned a point value. In the 'opening' period the handler seeks to accumulate points by performing the obstacles of his / her choice in the time allotted. At the conclusion of the 'opening' the handler attempts the 'gamble', a sequence designated by the judge to be handled from a distance, for additional points. This non-standard class is pursuant to the provisions of Chapters 6 & 7 of USDAA Rules and Regulations.

Jumpers Class: This class consists of a course of jumps and may include a tire and tunnels. This non-standard class is scored pursuant to the provisions of Chapters 6 & 7 of USDAA Rules and Regulations.

Snooker Class: This class has an 'opening' sequence of point collection similar to the Gamblers class followed by a closing sequence of a set pattern. Roughly parallels the billiards game of 'Snooker', requiring the dog to successfully complete a 'red' jump prior to attempting an obstacle designated as any other color. This non-standard class is scored pursuant to the provisions of Chapters 6 & 7 of USDAA Rules and Regulations.

Pairs Relay: This class consists of a standard course with one dog and handler running a portion of the course, followed by a baton exchange to a second handler and dog who run the second portion of the course. This non-standard class is scored pursuant to the provisions of Chapters 6 & 7 of USDAA Rules and Regulations.

Open Performance Pairs: This non-qualifying class is open to any dog not entered in another pairs class at this event and consists of a standard course with one dog and handler running a portion of the course, followed by a baton exchange to a second handler and dog who run the second portion of the course. Dogs will be allowed to pair irregardless of jump heights or level (i.e. a 12" dog can pair with a 22" dog, a performance III dog can pair with a Performance I dog). All dogs will compete on a Starters style course under Starters rules.

2005 USDAA® Grand Prix of Dog Agility® World Championships Local Qualifier: This class is open to all dogs regardless of title or skill level - a single-round tournament featuring the sport in its basic form. The course includes an A-frame, dog walk, see-saw, pipe tunnel, collapsed tunnel, weave poles, tire jump and a variety of other jumps and hurdles. Scoring follows regulations for standard scoring under Masters rules, except that time standards may generally range from 3.50 yards per second to 3.75 yards per second for dogs competing in the 22" and 26" height classes and from 2.85 to 3.05 yards per second in the 12" height class and from 3.10 to 3.40 yards per second for dogs competing in the 16" height class. Dogs that earn seven (7) or fewer faults shall earn a qualifying score and shall qualify to enter one of the Regional Championship events. Two (2) qualifying rounds (one of which may be earned in Round 1 of a Regional Championship) are required for entry to the World Championship quarterfinals. A complete copy of the 2005 tournament rules, which are hereby incorporated by reference, will be posted at the event, or may be obtained directly from USDAA.

2005 USDAA® Performance National Standard℠ Championships Local Qualifier (formerly called Performance Grand Prix): This class is also open to all dogs regardless of title or skill level and utilizes the rules and course design outlined for the Grand Prix of Dog Agility® The standard course time for this class will be calculated by adding three (3) seconds to the standard course time as determined for Grand Prix. Dogs that earn seven (7) or fewer faults shall earn a qualifying score and shall qualify to enter one of the Regional Championship events. Two (2) qualifying rounds (one of which may be earned in Round 1 of a Regional Championship) are required for entry to the Nationals Performance Championships quarterfinals. A complete copy of the 2005 tournament rules are hereby incorporated for future reference.

2005 USDAA® Dog Agility Steeplechase® Local Qualifier:

Description: The "Steeplechase" is a two-round tournament with emphasis on speed. Each round will be conducted on jumpers-style course with the inclusion of an A-frame and weave poles, either of which will be required to be performed twice. The top 30% of competitors (minimum of four, some of whom may be non-qualifiers) shall advance to Round 2 to compete for prize money and Tournament Top Ten points (see separate qualification standards below). However, a competitor who receives an elimination in Round 1 is ineligible to advance. This tournament is open to all competitors (i.e. starters, advanced or masters) regardless of previous accomplishments in competition.

Scoring: The tournament shall be conducted pursuant to USDAA Championship Program rules as stipulated herein. Scoring in each round shall be on a time plus faults basis with a five-point penalty added to a competitor's performance time for each occurrence of a fallen hurdle or missed contact. Running the wrong course shall be scored as an elimination as determined under Masters level rules. No refusals or missed weave poles shall be penalized; however, all obstacles must be completed before continuing on the remainder of the course.

Qualification: Only competitors placing within the top 30% of the number competing in their height class shall qualify. Those earning a qualifying score are eligible for entry to the Dog Agility Steeplechase® Championships to be held in the autumn of 2005.

I'm Too New/Busy To Help At This Trial…

It takes a lot of people to put on an agility test. With many volunteers, no one has to take on too many jobs. If you can't help, can a member of your cheering section? You don't need experience to help us run a great trial. We explain everything and answer all your questions. You get to meet other competitors, see runs from up close, and learn how the whole thing works. A veritable smorgasbord of opportunity! Volunteers earn "SMART DOLLARS". Check your work preference(s) on the entry form.

 Gate Steward: Keep dogs and handlers moving into the ring in order. **Timer:** Click stopwatch when dog starts and finishes. **Scribe:** Make marks on paper when judge raises hand. **Runner:** Take the score sheets from the Scribe over to the score table. **Pole Setter:** Change heights of jumps; reset fallen bars. **Chute Setter:** Straighten chute fabric after each dog's run. **Course Builder:** Move obstacles between classes as directed by Chief Course Builder. **Leash Runner:** Carry leashes from ring entry to exit. **Score Table:** Add up marks made by scribe and write them on the master score sheet. (Two people always do this and double-check each other's work, so it's hard to make mistakes.) **Advance Setup:** Setting up the rings, tables, etc. before the trial. Get your volunteering out of the way ahead of time! **Teardown:** Or wait 'til the end and help pack it all away. Want advice about the easiest jobs to start out with? At the score table, you are teamed with a mentor who is with you for the entire class. You can't make a mistake doing poles or chutes or leashes or runner if you want a more active job; the hard part is just paying attention. Course builders just have to respond *quickly* when the loudspeaker says "Coursebuilders!" and follow the chief's directions. The timer job may just be the easiest: sitting and clicking!

Smart Dollars

Workers will receive SMART dollars at a rate of $4/hour plus lunch if you work at least two classes. SMART dollars may be redeemed at future SMART events or at the vendors.

Food

Breakfast and lunch will be available from **Dannie's Catering** (www.danniescatering.com). Dannie has served the greater Sacramento area for over 23 years; if you've eaten at Haute Dawgs or TRACS in Dixon, you've sampled his wares! He will be offering the following for our trial:

Veggie and bacon/sausage breakfast burritos

BBQ beef, BBQ pork and chicken breast sandwiches

Boca Burgers

A variety of salads (chicken and veggie)

I (we) further agree to hold the aforementioned parties harmless from any claim for loss of this dog by disappearance, theft, death or otherwise, and from any claim for damage or injury to the dog, whether such loss, disappearance, appearance, theft, damage or injury, be cause or alleged to be caused by the negligence of the parties aforementioned, or by the negligence of any other person, or any other cause or causes. I (we) hereby assume the sole responsibility for and agree to indemnify and save the aforementioned parties harmless from any and all loss and expense (including legal fees) by reason of the liability imposed by law upon any of the aforementioned parties for damage because of bodily injuries, including death at any time resulting there from, sustained by any person or persons, including myself (ourselves) or on account of damage to property arising out of or in consequence of my (our) participation in this event, howsoever such injuries, death or damage to property may be caused, and whether or not the same may have been caused or have been alleged to have been caused by negligence of the aforementioned parties or any of their employees or agents or any other persons.

I further acknowledge that I have read, understand and will abide by the Official Rules and Regulations of the United States Dog Agility Association, Inc. and the provisions for entry as set forth in the Agility Test Schedule of which this entry form is a part. I acknowledge and represent that the information supplied by me herein is correct to the best of my knowledge; if any portion of this information is found to be invalid or insufficient to establish the validity of my entry, such finding shall render my entry invalid in its entirety, for which there shall be no refund of fees paid. I hereby release USDAA, its representatives, agents and assigns from any claim or cause of action for invasion of the rights of privacy, right of personality or any similar right.
