Notice To Competitors

USDAA Rules: USDAA's official rules & regulations are hereby incorporated by reference, an electronic copy of which may be accessed online at www.usdaa.com. Competitors, through submission of entry, acknowledge that they are knowledgeable of USDAA rules and regulations, as amended March 30, 2007, including but not limited to the following rules regarding entry:

All dogs must be registered with USDAA. Registration may be made concurrently with your entry using the form provided in this test schedule. To obtain a registration number immediately for a reduced fee and a height card prior to the show, go online to www.usdaa.com under General Information, Dog Registration.

This test is open to all dogs at least 18 months of age, including purebred and nonpurebred, except bitches in season, dogs suffering from any deformity, injury, or illness that may affect the dog's ability to perform safely, or dogs showing aggression.

No collars, leads, food, toys, or other aids or devices are allowed on a course at any time. USDAA regulations forbid any and all training, choke, pinch, or shock collars on or around the course at any time.

The Show Committee of an event may refuse the entry of any competitor or dog for just cause should the Committee view that participation by competitor or dog would be prejudicial to the sport. However, any Committee so doing must notify the competitor in writing (with a copy to the USDAA office) in anticipation of or upon receipt of entry. The notice must include the reason for refusing the entry and a brief explanation of the basis for their decision. The burden of responsibility for appropriateness of such action rests solely with the host group and its Show Committee.

You alone are responsible for the behavior of your dogs and children. If your dogs or children create unnecessary disturbances or repeatedly engage in unsafe or disruptive behavior, the Show Committee can ask you to leave the show site. In such case, we will not refund any fees.

Returned checks do not constitute a valid entry. There will be a \$20.00 service charge for returned checks. Payment of entry fees and service charges shall be made in cash or money order within 30 days of postmark of notice of returned check. Any fees not received within 30 days of notice result in cancellation of event results for all classes for the registration number(s) of delinquent entry/entries. No reinstatement of results is possible, and all awards must be returned within 10 days of notification, or the dog's registration may be suspended pending restitution. Any unpaid fees or shortfalls must be paid prior to the start of the event or entry is canceled without recourse by owner/handler.

Fault Limits: In the event of a large entry, fault limits may be established by the Show Committee. *This means that after receiving a certain number of faults, you may be asked to leave the ring without completing the course.*

Refunds: Refunds (less USDAA recording fees) are given for bitches that come into season after the closing date. No refund for entries withdrawn after closing date, or if a dog or handler is dismissed from competition, regardless of the reason. No refund is given if the test cannot open or be completed due to riots, civil disturbances, fire, acts of god, public emergency, acts of a public enemy, or any other cause beyond the Show Committee's control.

2008 Dog Agility Steeplechase® Tournament

Description: The "Steeplechase" is a two-round tournament with emphasis on speed. Each round will be conducted on a jumpers-style course that shall include at least two spread hurdles, a long jump and an A-frame and weave poles. Either the A-Frame or weave poles which shall be required to be performed twice. Top competitors as set forth below (see qualification and advancement) shall advance to Round 2 to compete for prize money and Tournament Top Ten points. Qualifiers as defined herein earn the right to enter either the quarterfinals or semifinals at the Dog Agility Steeplechase® championships to be held in autumn of 2008. This tournament is open to all competitors not entered in Performance Speed JumpingSM qualifier at this event regardless of titles earned.

Scoring: The tournament shall be conducted pursuant to USDAA Championship Program Starters level rules, except that scoring in each round shall be on a time plus faults basis, with a five-point penalty added to a competitor's performance time for each occurrence of a fallen hurdle or missed contact; running the wrong course shall be scored as an elimination as defined under Masters rules.

Qualification & Advancement

(For the purposes of this explanation, a score is anything other than elimination.)

Local Qualifiers: Qualification shall be determined based upon the Round 1 scores of the top three dogs in each jump height provided there are at least 5 scores in the 12" or 16" height classes or 7 scores in the 22" and 26" height classes. The top three scores shall be averaged and multiplied by a factor of 1.25 to determine the maximum qualifying score for each jump height. Only competitors with scores equal to or less than the maximum qualifying score qualify.

Further, in the event that fewer than five competitors in any height class receive a score, the top three scores must be determined from the combined height division for small dogs (12" and 16") or large dogs (22" and 26") to determine the maximum qualifying score for all dogs competing in that division in the manner described above. However, if there are fewer than five scores in a division, the top score from the division shall be used to calculate the maximum qualifying score. In this case, the top score shall be multiplied by a factor of 1.25 to determine the maximum qualifying score.

Qualifiers and placement winners (minimum of four, there is no maximum) in the height class are eligible to advance to Round 2 at a local qualifying event in order to compete for Top Ten points and prize money, provided they have finished the round with a score. Nonqualifying competitors running in Round 2 shall not be credited with a qualifying score regardless of their final standing and at the Regional level are not eligible to earn a bye based upon their score in Round 2. A finalist slot vacated by a competitor who has earned the right to compete in the final round shall be forfeited and no substitutions are allowed.

Regional Championships: The same process used for determining qualifying scores in Round 1 at a local qualifier will be applied to Round 1 at a Regional. To determine the maximum score in Round 2 at a Regional, the same method is applied, but a multiplier of 1.15 will be utilized. Any competitor in Round 2 with a score less than or equal to the maximum qualifying score as calculated in this manner will earn a 'bye' into the Steeplechase semifinals championships. Non-qualifying competitors are not eligible to run in Round 2 to satisfy numerical maximums. Any 'bye' that is earned may only be used by the handler/dog team who earned it and may not be transferred to another dog and/or handler.

Eligibility for Entry:

Regional Championships: A competitor must have one qualification at a local qualifier to be eligible to enter Round 1 of a Regional Championships.

World Championship Quarterfinals: Two qualifications, one of which may be from the first round of a Regional Championship will be required for entry.

World Championship Semifinals: Advancement from the quarterfinals by earning the equivalent of a qualifying score or by direct entry into the semifinal by having earned a 'bye' at a Regional Championship.

2008 Performance Speed JumpingSM Tournament

Description: This is a two-round tournament with emphasis on speed. Each round will be conducted on a jumpers-style course that shall include a long jump (required beginning January 1, 2007) and an A-frame and weave poles, one of which shall be required to be performed twice. All obstacles are set according to Performance specifications. Top competitors as set forth below (see qualification and advancement) shall advance to Round 2 to compete for prizes or awards. This tournament is open to all competitors not entered in the Steeplechase qualifier at the same event regardless of titles earned.

Scoring: The tournament shall be conducted pursuant to *USDAA* Championship Program Starters level rules, except that scoring in each round shall be on a time plus faults basis, with a five-point penalty added to a competitor's performance time for each occurrence of a fallen hurdle or missed contact; running the wrong course shall be scored as an elimination as defined under Masters rules.

Qualification & Advancement at Local Qualifiers:

(For the purposes of this explanation, a score is anything other than elimination.)

Qualification shall be determined based upon the Round 1 scores of the top three dogs in each jump height provided there are at least 5 scores in the 8" or 12" height classes or 7 scores in the 16" and 22" height classes. The top three scores shall be averaged and multiplied by a factor of 1.25 to determine the maximum qualifying score for each jump height. Only competitors with scores equal to or less than the maximum qualifying score qualify.

Further, in the event that fewer than five competitors in any height class receive a score, the top three scores must be determined from the combined height division for small dogs (8" and 12") or large dogs (16" and 22") to determine the maximum qualifying score for all dogs competing in that division in the manner described above.

However, if there are fewer than five scores in a division, the top score from the division shall be used to calculate the maximum qualifying score. In this case, the top score shall be multiplied by a factor of 1.25 to determine the maximum qualifying score.

Qualifiers and placement winners (minimum of four, there is no maximum) in the height class are eligible to advance to Round 2 at a local qualifying event in order to compete for prizes and awards, provided they have finished the round with a score. Nonqualifying competitors running in Round 2 shall not be credited with a qualifying score regardless of their final standing. A finalist slot vacated by a competitor who has earned the right to compete in the final round shall be forfeited and no substitutions are allowed.

Eligibility for Entry into the Championships:

Two qualifying scores as defined herein are required to enter the semifinals at the Performance Speed JumpingSM Championships to be held in autumn of 2008.

Program/Level Descriptions

Two certification programs will be offered at this event – Championship & Performance. Competitors may enter both Championship and Performance Program classes for which they are eligible; however, under NO circumstance may a dog be entered in the same Championship and Performance class at this agility test (e.g. Standard in both programs). Classes include Standard agility, Gamblers, Jumpers, Pairs, and Snooker as set forth in Chapters 3 – 7 of *USDAA* Rules and Regulations, each of which are conducted at three competitive levels.

Championship Program

The **Starters Standard** classes shall be for dogs that have not earned the Agility Dog® title or a Starters Standard title. **Starters nonstandard classes** shall be for dogs that have not earned a title in the class being entered (Starters Gamblers, Starters Jumpers, Starters Relay– 3 different partners required – or Starters Snooker) or a qualifying score in the equivalent nonstandard class at the Advanced or Masters level. Three qualifying scores in the Standard class from two different judges along with one qualifying score in each of the nonstandard classes is required to earn the Agility Dog title.

The **Advanced Standard** classes shall be for dogs that have earned the Agility Dog® title or a Starters Standard title. **Advanced nonstandard classes** shall be for dogs that have earned the Agility Dog® title or that have earned a title in the equivalent nonstandard class at the Starters level, but have not earned the equivalent Advanced nonstandard title or a qualifying score in the equivalent nonstandard class at the Masters level. Three qualifying scores in the Standard class from two different judges along with one qualifying score in each of the nonstandard classes is required to earn the Advanced Agility Dog title.

The **Masters Standard** classes shall be for dogs that have earned the Advanced Agility Dog® title or the Advanced Standard title. **Masters nonstandard classes** shall be for dogs that have earned the Advanced Agility Dog® title, the equivalent nonstandard title at the Advanced level, or that had previously qualified for entry into the equivalent Masters nonstandard class prior to January 1, 2004.

Performance Program

Generally, Performance Level I, Level II and Level III are run on courses used for Starters, Advanced and Masters classes in the Championship Program, with the following exceptions: the A-frame is set at 5'6", jump heights are one height class lower, no spread hurdles are utilized, time standards in the Standard and Jumpers classes are extended by 3 seconds beyond that used in the Championship Program and the pairs relay class is nonqualifying. Eligibility is determined as follows:

The **Performance I Standard** classes shall be for any dog that has not earned the Performance Dog ISM title, the Performance Standard I title, or a qualifying score in the Performance II or Performance III Standard classes. **Performance I nonstandard classes** shall be for any dog that has not earned a title in the class being entered (Performance I Gamblers, Performance I Jumpers, or Performance I Snooker) or a qualifying score in the equivalent nonstandard class at the Performance II or Performance III level. Three qualifying scores in the Standard class from two different judges along with one qualifying score in each of the nonstandard classes is required to earn the Performance Dog ISM title.

The **Performance II Standard** classes shall be for any dog that has earned the Performance Dog ISM title, the Performance Standard I title, the Agility Dog® title or the Veteran Agility DogSM title, but has not earned the Performance Dog IISM title or Performance Standard II title, or a qualifying score in the Performance III Standard class.

Performance II nonstandard classes shall be for dogs having earned the Performance Dog ISM title, the Agility Dog® title or a title in the equivalent Starters or Performance I nonstandard class, but not having earned a title in the equivalent nonstandard Performance II class or a qualifying score in the equivalent nonstandard Performance III class. Three qualifying scores in the Standard class from two different judges along with one qualifying score in each of the nonstandard classes is required to earn the Performance Dog IISM title.

The **Performance III Standard** classes shall be for any dog that has earned the Performance Dog IISM title, the Performance Standard II title, the Advanced Agility DogSM title, or the Veteran Advanced Agility DogSM title. **Performance III nonstandard classes** shall be for dogs having earned the Performance Dog IISM title, the Advanced Agility Dog® title, the equivalent nonstandard title at the Advanced or Performance II level, or that had previously qualified for entry into the equivalent Performance nonstandard class prior to January 1, 2004.

Non-Standard Class Descriptions

Gamblers Class: This class consists of a course with no predetermined route, and each obstacle is assigned a point value. In the "opening" period the handler seeks to accumulate points by performing the obstacles of his/her choice in the time allotted. At the conclusion of the "opening" period, the handler attempts the "gamble," a sequence designated by the judge to be handled from a distance, for added points. This nonstandard class is pursuant to the provisions of Chapters 6 & 7 of *USDAA* Rules and Regulations.

Jumpers Class: This class consists of a course of jumps, and MAY include a tire and/or tunnels. This nonstandard class is scored pursuant to the provisions of Chapters 6 & 7 of *USDAA* Rules and Regulations.

Snooker Class: This class has an "opening" sequence of point collection similar to the Gamblers followed by a closing sequence of a set pattern. This class requires the dog to successfully complete a "red" jump prior to attempting an obstacle designated as any other color. This nonstandard class is pursuant to the provisions of Chapters 6 & 7 of *USDAA* Rules and Regulations.

Pairs Relay: This class consists of a standard course with one dog and handler running the first portion of the course, followed by a baton exchange to a second handler and dog that run the second portion of the course. This nonstandard class is scored pursuant to the provisions of Chapters 6 & 7 of *USDAA* Rules and Regulations. In the event only one dog is entered in a program/level, un-entered dogs or dogs from another program/level may NOT be recruited to form a qualifying pair.

General Agreement

I (we) agree that the SMART has the right to refuse this entry for cause, which the show committee alone shall deem to be sufficient. I (we) further agree to hold the aforementioned parties harmless from any claim for loss of this dog by disappearance, theft, death or otherwise, and from any claim for damage or injury to the dog, whether such loss, disappearance, appearance, theft, damage or injury, be cause or alleged to be caused by the negligence of the parties aforementioned, or by the negligence of any other person, or any other cause or causes. I (we) hereby assume the sole responsibility for and agree to indemnify and save the aforementioned parties harmless from any and all loss and expense (including legal fees) by reason of the liability imposed by law upon any of the aforementioned parties for damage because of bodily injuries, including death at any time resulting therefrom, sustained by any person or persons, including myself (ourselves) or on account of damage to property arising out of or in consequence of my (our) participation in this event, howsoever such injuries, death or damage to property may be caused, and whether or not the same may have been caused or have been alleged to have been caused by negligence of the aforementioned parties or any of their employees or agents or any other persons.
