 Number of days of trial: 0 0  
 Cost of full weekend slate: \$0 \$0  
 Number of dogs entered: 0

"MAX FREEBIES" column is the maximum total freebies that may be taken by a person serving that position for this trial.  
 If the person's total entry fees are less than this, then the person's total entry is free (and the additional entitlement over that is forfeit).  
 If the person's total entry fees are more than this, then they are responsible for paying for the fees not covered by the entitlement.

"FREEBIES PER DAY" column is for the person who is serving a position for only a subset of the days of the trial. It is the MAX FREEBIES divided by the number of days of the trial.  
 The person's total freebies is the number of days they are serving times the FREEBIES PER DAY number.

If the person's total entry fees are less than this, then the person's total entry is free (and the additional entitlement over that is forfeit).

If the person's total entry fees are more than this, then they are responsible for paying for the fees not covered by the entitlement.

"Free RV'ing" column is where the trial chair can, at his/her discretion after due consideration of the budget, offer RV freebies to special cases.
